

# We bought a HOUSE!

Renting a home for our girls was getting more and more expensive, so **we prayed** that **God would provide** another alternative. Then **we found this house!**

Purchasing this property allows us to give our girls **more room and more privacy** since this house has **4 bedrooms**, and each bedroom has **its own bathroom!**

The property also has a **large yard** with a **solid security fence** around the perimeter which will allow the girls to **play in privacy**. There is enough room for a **garden** and a **future playground** with even room to add on!

The house is also more central to groceries and closer to church, so it will save us money in transportation!

Please PARTNER WITH US and consider a special donation to help with purchasing this property for our ministry and with the home improvements that need to be done before the girls can move in!

You can give by mailing a check to **HOPE Home Ministries PO Box 2 Schaefferstown, PA 17088**

Or give online at our website
